SUMMARY

With over *two decades of experience* at the forefront of digital asset financial technology (FinTech) integration across the entire spectrum of financial service company operations, I bring a strategic and analytical approach, underpinned by a deep understanding of cryptocurrency markets, digital asset financial management, compliance, and regulatory frameworks.

I have a proven track record in the **design and deployment of bespoke trading platforms** tailored to the unique needs of clients and independent financial entities, exemplified by driving a remarkable **1,200% increase in Assets Under Management (AUM)** for Mesirow Financial Holdings, Inc.

EXPERIENCE

Telcoin

Aug 2020 - Present

Vice President, Banking Operations

Los Angeles, CA

🌐 <https://telcoin.xyz/>

Key visionary in charting the company's DeFi strategy and direction, partnering across the executive team. Identify and seize opportunities to position Telcoin as an industry leader, grow business, extend the digital asset platform reach, and influence favorable legislation. Lead banking operations, including a cross-functional team and partnerships with mobile money platforms.

- **Paved the way for platform expansion by evaluating various vendors as on-ramps for the Telcoin application.** Assessed companies with filters, such as customer cost, availability by country, licenses, banking connection, and delivery time. Presented to team members for follow-up with introductory calls.
- **Played a key role in gaining authorization of digital asset depository entities in Nebraska** through legislative and regulatory advocacy, leading to passage of 2021 Nebraska Financial Innovation Act (NFIA). Promoted, educated, and lobbied for bill, meeting with Nebraska politicians and other agencies in Washington, DC and with banker's associations and civic leaders. Reviewed the WY Special Purpose Depository Act of 2020.
- **Partnered with CEO to pioneer a stablecoin to coincide with passage of NFIA.** Researched fiat-backed and algorithmic stablecoins, attestation processes, national and international legislation, and market trends. Developed and presented stablecoin at Nebraska Bankers Association.
